### Pôle Mer PACA (Sea Innovation and Business Cluster) and the Centre Français du Littoral Promoters of the second Coastal & Maritime Mediterranean Conference $\overline{CM}^2$

*In Tangier – Morocco*  
*In collaboration with the Moroccan partners*

This conference follows up the **first Coastal & Maritime Mediterranean Conference** held in Hammamet (Tunisia) in 2009 planned by the Centre Français du Littoral and Pôle Mer PACA, but with a stress on corporation activity and intended for both French-speaking and non French-speaking Mediterranean countries. The management of the meeting is conducted in parallel with the host country: Morocco in 2011.

This three-day **Mediterranean Conference** comprises two days of conference work including oral presentations and posters separated by one day dedicated to technical visits bearing on important coastal and maritime engineering projects and round tables or workshops.

The goals of this **Special Mediterranean Conference** are:

- up-to-date knowledge acquisition as far as coastal and maritime engineering in the **Mediterranean** is concerned;
- allowing exchange of ideas between specialists on concerned subjects;
- promoting comparison of analyses and experience between researchers and entrepreneurs;
- favouring contacts between decision-makers, corporations and researchers;
- presenting new material and techniques, together with the available documents (technical stands);
- diffusing information on pedagogical activities, research and training concerning coastal and maritime engineering **around the Mediterranean**;
- favouring network creation;
- promoting and implementing **Mediterranean research projects**;
- developing **Mediterranean inter-university and inter-corporation collaborations**.
